## SKILLS

 C, C++  
 Python  
 Matlab  
 SwiftUI

## TOOLS

 Excel  
 Figma

## EDUCATION

 Bachelor's degree in Mathematics  
(expected in July 2024)  
 Scientific High School Diploma  
2020, 100/100

## CERTIFICATIONS

 Cambridge (B1)  
 European Computer Driving  
License (Start)

# LUIGI EMANUELE ZIPPO

## MATH STUDENT

### ABOUT ME

Dedicated and driven **Mathematics** student with a keen interest in **Data Science**, poised to graduate in July 2024. Equipped with a solid foundation in mathematical concepts, seeking opportunities to apply analytical skills in real-world scenarios

### FORMATION

#### High school and ASL

Liceo L. Garofano, 2015 - 2020

During my scientific high school education, especially through ASL, I gained **hands-on experience** in conducting experiments, developing skills in **data collection, analysis, and interpretation**.

#### Course of Study in Mathematics

University of Naples "Federico II", October 2020 - July 2024

My Bachelor's degree in Mathematics has refined the analytical skills I started developing in high school. University education introduced advanced techniques for analyzing **complex problems**.

I have completed several relevant exams, including:

- Coding lab and Calculus (28/30)
- Coding lab for Data Science (30/30)
- Algorithms and applications for Data Science (28/30)

#### Apple Foundation Program

University of Naples "Federico II" - February 2023

The Apple Foundations Program served as my initial foray into **teamwork**, offering invaluable experiences in collaboration

#### Apple Developer Academy

University of Naples "Federico II", September 2023 - July 2024

The Apple Developer Academy has been pivotal in shaping my **soft skills**. Collaborative projects taught me effective teamwork, adapting to diverse personalities, and thriving under pressure. Facing tight deadlines honed my **time management**, while technical workshops improved my **coding, design and communication skills**
